Pan MacMillan, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. Roberto Bolano s own preferred literary persona was as a poet and Tres is his most inventive and bracing collection. As the title implies, the collection is composed of three sections. `Prose from Autumn in Gerona , a cinematic series of prose poems, slowly reveals a subtle and emotional tale of unrequited love by presenting each scene, shattering it, and piecing it all back together, over and over again. The second part, `The Neochileans , is a sort of On the Road in verse, which narrates the travels of a young Chilean band on tour traveling north from Chile to Peru and Ecuador. Finally, the collection ends with a series of short poems that take us on `A Stroll Through Literature reminding us of Bolano s masterful ability to walk the line between the comically serious and the seriously comical.
