Teacher Created Materials, Inc, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. What do zebras and ostriches have in common with clownfish and sea anemones? They re both examples of interdependent relationships! Students will learn about helpful partnerships in the animal kingdom as they multiply their way through fractions. By integrating math and literacy skills, this math reader makes multiplying fractions simple, relevant, and fun, and the real-world examples of problem solving allow students to explore the concepts in meaningful ways. With intriguing full-color images, the book includes text features such as a glossary, index, captions, and a table of contents to increase understanding and build academic vocabulary. The Let s Explore Math sidebars, the extensive Problem Solving section, and the clear mathematical charts and diagrams provide numerous opportunities for students to practice what they have learned. The DOK-leveled Math Talk section includes questions that facilitate mathematical discourse with activities that students can respond to at school or home. Explore the world of strange animal partnerships with this engaging grade 4 math reader!.
