Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

(Dr. Marvin Deckow)

CHANGING INDIA (2ND EDITION)

Cambridge University Press, Cambridge, UK, 2003. Paperback. Book Condition: New. Second Edition. The revised edition of Robert Sterns book brings Indias story up to date. Since its original publication in 1993, much has altered and yet central to the authors argument remains his belief in the remarkable continuity and vitality of Indias social systems and its resilience in the face of change. This is a colourful, readable and comprehensive introduction to modern India. In a journey through its family households and villages, the author explains its long-lived and little understood caste and class systems, its venerable faiths and extraordinary ethnic diversity, its history as the jewel in the crown of British imperialism and its post-Independence career as a major agricultural and industrial nation. While paradoxes abound in an India which is constantly transforming, Stern demonstrates how and why it remains the largest and most enduring democracy in the developing world. Contents Introduction: Change, the societies of India and Indian society; Part I . The changing countryside:1. Families and villages; 2. Varna, jati and caste, Muslim quasi castes and untouchability; 3. Class: primordial group representation, stimuli-response and patron-client relationships; 4. Homelands, linguistic, tribal and regional states: nation provinces and bourgeois revolution; Part II. Change from above: 5. British imperialism, Indian nationalism and Muslim separatism; 6. Political and economic development in the Indian Union and its international politics Printed Pages: 268 with 4 tables and 3 maps.
