Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Federal Judiciary: A Thanksgiving Discourse Owing to these and other causes, the Judiciary is rarely thought of, even when we are reverently meditating upon the signal advantages which are bound up in our form of Government. It is another illustration of the familiar adage, out of sight, out of mind. We are drinking every day of the crystal streams which flow from this hidden fountain, with out one thought of the fountain itself; and even with out caring to know whether it is really hidden, or hidden only to our indolence. It may not be what you would prefer to listen to to-day; but if there is one of our chief temporal mercies unacknowledged, you will not chide me for venturing to remind you of it.
