Balboa Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. If you suffer from debilitating grief, are afraid of death, curious about life after death, or simply miss your loved ones, this book is for you! By losing four members of my family and witnessing so much physical and emotional pain, suffering and grief, it made me question my beliefs as I did not want to fear death and I needed to figure out what to believe in. Through facing my life-long fears and challenging what I thought were my beliefs, I was able to open up my heart to the love of my family who predeceased me. By learning how to channel with them, I became their confidante where they relayed their very emotional life reviews to me. Many of the lessons they were to learn on Earth, they did not face until they reached Heaven and had to review their lives. They wish to share this information with people so that we can learn how to love ourselves more and realize that we do not have to fear death. Through their stories, I have learned how they had to come face-to-face with many of their lives difficult issues, including alcohol abuse, control issues, bulimia, jealousy, molestation, emotional abuse, abortion, adoption, dying, and what we are to learn from the grieving process. If you have experienced grief beyond words or have experienced any of the issues in your life which my family had to learn from, it is our hope that their words of wisdom will assist you in healing and finding peace. So, I invite you to open your minds and, hopefully, your hearts to my words and those of my beautiful family, and let your healing begin. With love from...
