PUSSYCATS: WHY THE REST KEEPS BEATING THE WEST (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the kingdom(s) of the West, something is rotten. Collectively, the countries of NATO are responsible for almost two thirds of global military spending. In terms of military technology, particularly electronics, communications and logistics, they have left the rest so far behind that it is no contest. Yet ever since the Korean War ended in 1953, almost every time they went abroad and fought non-Westerners they were defeated and had to withdraw. As happened, to cite but two recent cases, in Iraq and Afghanistan; and as may yet happen if and when Islamic terrorism spreads into Europe, as it is quite likely to do. What went wrong? How did the ferocious soldiers who, between 1492 and 1914, brought practically the entire world under their sway, become pussycats? The present study, unique of its kind, seeks to answer these questions. Chapter I, Subduing the Young, focuses on the way Western people raise their scanty offspring. Infantilizing them, depriving them of any kind of independence, and, in the words of a recent best-seller, turning them into excellent sheep. Chapter II, Defanging the Troops, shows how the same is happening in the military. Chapter III, The War on Men, examines the way in which the forces are being feminized affects, indeed infects, their fighting power. Chapter IV, Constructing PTSD, looks at the way returning soldiers are almost obliged to develop Post Traumatic Stress Disorder. Finally, chapter V outlines the emergence of modern societies which, exalting rights and forgetting about duty, have come very close to delegitimizing war itself. The book is about 73,000 words long. It is written in jargon-less language laymen can understand. It is also thoroughly documented. Readership should include anybody with an...
