

Why Does the World Exist?: One Man's Quest for the Big Answer

Filesize: 5.12 MB

Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Profile Books Ltd. Paperback. Book Condition: new. BRAND NEW, Why Does the World Exist?: One Man's Quest for the Big Answer, Jim Holt, 'Why is there a world rather than nothing at all?' remains the most curious and most enduring of all metaphysical mysteries. Moving away from the narrower paths of Christopher Hitchens, Roger Penrose and Stephen Hawking, the celebrated essayist Jim Holt now enters this fascinating debate with his broad, lively and deeply informed narrative that traces all our efforts to grasp the origins of the universe. With sly humour and a highly original personal approach Holt takes on the role of cosmological detective. Suggesting that we might have been too narrow in limiting our suspects to God and the Big Bang, he tracks down, among others, an eccentric Oxford philosopher, a Nobel Laureate physicist, a French Buddhist monk, and John Updike just before he died, to pursue this cosmic puzzle from every angle. As he pieces together a solution - while offering useful insights into time, consciousness, and eternity - he sheds fascinating new light on the meaning of existence. A New York Times bestseller on first publication, this new paperback edition provides a much-needed new take on history's greatest conundrum, in the vein of previous bestsellers like Michael Brooks' 13 Things that Don't Make Sense.
