Unfortunately, the citizens of many countries still cower under inhumane governments and ruthless dictators. Author Faroque Quazi offers a proposal to the United Nations to help solve this worldwide crisis. Written for the benefit of all cultures and human beings on Earth, Can I Help You?: The Roadmap to Worldwide Peace in the Twenty-First Century takes an in-depth look at the key to improving our world: change. The voice of the average citizen, protesting, and voting are the leading vehicles available for change. Quazi calls on the Global Defense Department of the United Nations to help implement these changes and safeguard the Earth's citizens by adopting new international policies and regulations. For world peace, unity is not an option but an obligation. If we wish to live in a peaceful world, then we must all take on the responsibility of enforcing change. These new rules will command universal respect that cuts across ethnic, religious, and cultural divisions, carrying a message that we can all relate to. Worldwide peace will inspire unity, understanding, and respect for diverse opinions. Do your part to promote world peace and free the Earth from tyranny!.
