Weight loss is one of the most frustrating problems imaginable. People trying to lose weight usually fail, and most wind up weighing more than before. Not with EFT! Several studies show that by using the method in this book, called Clinical EFT because it's the only version of EFT validated in dozens of clinical trials, you can lose weight, and keep it off permanently. One study found that people lost an average of 11 lb. in the year after a Clinical EFT weight loss program. In this book you'll hear from dozens of people who lost weight successfully with EFT. Their deeply moving stories tell how many other parts of their lives improved too, from skin tone to marriage, from self-confidence to financial abundance.
