JAPAN: ITS ARCHITECTURE, ART, AND ART MANUFACTURES (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Japan: Its Architecture, Art, and Art Manufactures In my book I attempt to explain how the architecture resulted from climatic and religious influences, and how the ornaments with which domestic objects are figured, and the very finish of the objects themselves, are traceable to religious teachings. As a guest of the nation, I was not only permitted to enter sacred edifices (some of which had never before been trodden by European feet), but I had also opportunities for studying all forms of art industry. For the privileges enjoyed I shall ever feel under a debt of gratitude to the members of the Japanese Government. I had also the honour of presentation to His Majesty the Mikado, who himself ordered that I should have every facility. For seeing what I wished. While in Japan I made a daily record of what I saw and did and this record was roughly illustrated. I either bought or had taken for me about a thousand photographs, some being fifteen inches by eighteen, the others about nine inches by twelve. I had a multitude of small coloured drawings made of temple ornaments. I visited sixty-eight potteries, and some scores of manufacturers engaged in other industries I also brought specimens of work from most of the factories Visited.
