Random House, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This is the Civil War as it is seldom seen. In these pages are few of the signature Lincoln quotes, none of the popular vignettes, and very little of the cloying key-of-D 'Ashokan Farewell' melodrama that we have come to associate with [the Civil War]. But there is drama enough and a portrait of a country in transition, especially the South, as vivid as any that has been written in this season of commemoration or at any time." -- The Boston Globe "An absorbing social history. Mr. Levine's book offers fresh insights into the complex reality of what most Northerners thought of as the solid South and the slow evolution of the Union crusade against slavery." -- The Wall Street Journal "A compelling, valuable and eye-opening work [that] will inform and entertain the most discerning student of 'the second American revolution.'" -- The San Antonio Express-News "In this splendidly colorful account, the author compares the old South's disintegration to 'The Fall of the House of Usher,' where microscopic cracks in the mansion's foundation gradually widen until the building implodes. . . . A sensitive, informed rendering of the wrenching reformation of the South [told] with the ease and authority borne of decades of study." -- Kirkus Reviews (starred review) "Enlightening . . . a deep, rich, and complex analysis." -- Publishers Weekly (starred review) "Masterful. Levine's employment of testimonies by slaveholders, slaves, and pro-Union Southerners is effective and often poignant." -- Booklist "A gripping, lucid grassroots history of the Civil War that declines the strict use of great battles and Big Men as its fulcrum, opting instead for the people. . . . In the tradition of James McPherson, Levine has produced a book that is a work of both..."
