Tate Publishing Company, United States, 2015. Paperback. Book Condition: New. 226 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Chase Henderson was as normal as a super-powered, or as the government officially titled it, Coded teen could be. He was at the middle of the social ladder, had a unique Code, got good grades, and was good at sports. He couldn't have been more average. But that all flipped when he attended a pool party. Reese McGinnis was anything but normal after she was drugged at a pool party. Her and the other nine Coded teens who attended the party had a unique reaction to the chloroform lacing the drinks. Unlike the non-Coded individuals, they got gravely ill for three days. Even stranger, after she recovers, she's offered a scholarship to Redwood, the only school designed especially and exclusively for Coded middle school and high school students. Dylan Cole finds it completely suspicious when he's offered a scholarship to a school he never even applied to. Unlike the others, Dylan actually has a reason the school might want him. But they aren't aware of his extremely advanced telepathy. Even more oddly, he wasn't the only one from the small town of Sierra Springs to have just received a scholarship. Gwen Newsom knows her mission---to get ten teenagers from Sierra Springs safely to Redwood before whoever's after them gets the teens first. Especially before he succeeds in whatever he tried to do to them at that party.
