Pohutukawa, United States, 2015. Paperback. Book Condition: New. 178 x 111 mm. Language: English . Brand New Book ***** Print on Demand *****.Karl Olsen is a New Zealander who is passionate about his faith as a Seventh-day Adventist. Through his eye opening testimony, he explores the truth behind his conversion and shares it with others Karls says: For years I have tried to make sense of Bible end-time prophecy, but had not been able to join all the dots together. Some ideas seemed to fit together while others made no sense at all. What made things so confusing was that the church had many different opinions concerning end times. Why were/are there so many different opinions? Why can t church leaders give us a Thus saith the Lord on the subject? Is God keeping the truth from us for some unknown reason or do you need a PhD in theology? I had asked myself these questions and never been able to find a definitive answer until now. I believe there is a Christian denomination that has been given by God the mandate for the preaching of end-time prophecy. This church has more truth than any other Christian denomination on earth. In the past, it only took a flick through my Bible, or an hour or two, to find something biblically wrong concerning other groups who called themselves Christians. For several months I tried to find something biblically wrong with the Seventh day Adventist faith and was unable to find anything. Since becoming a Seventh-day Adventist Christian I have been able to understand Bible prophecy with ease and I would like all my Christian brothers and sisters to have an opportunity to consider what Adventists have to say.
