

The Failure of Planning: Permitting Sprawl in San Diego Suburbs, 1970-1999 (Paperback)

Filesize: 5.27 MB

Reviews

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Ohio State University Press, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. By 1970, uncontrolled growth plagued San Diego County suburbs and threatened to destroy the paradise of postwar San Diego, which had attracted a flood of immigrants since 1945. Fortunately, Mayor Pete Wilson, fresh from a Rockefeller Brothers land-use policy forum and armed with the latest progressive planning vision, sponsored a big picture planning solution, which has since been institutionalized as smart growth. Despite the triumph of progressive planning, however, and the multimillion-dollar-planning effort that continues to characterize suburban development, suburban sprawl continues. Freeway gridlock continues. Already exorbitant housing costs keep rising. In short, progressive planning has failed. This book explains how and why this has happened, not only in San Diego but more generally, and considers conservative, liberal, and radical paths toward a more successful future. Richard Hogan is associate professor of sociology and American studies at Purdue University.
