

America Pacifica (Paperback)

By Anna North

Little, Brown Book Group, United Kingdom, 2012. Paperback. Condition: New. Digital original. Language: N/A. Brand New Book. Hundreds of miles off the frozen coast of what was once California is America Pacifica, where those who fled the dawn of the new ice age have tried to recreate their former home . . . America Pacifica is an island hundreds of miles off the coast of California - the only warm place left in a world in the grip of a new ice age. Darcy Pern is seventeen; her mother has gone missing, and the novel details her quest to find out the truth about her disappearance - a quest which soon becomes an investigation of the disturbing origins of America Pacifica itself, and its sinister and reclusive leader, a man known only as Tyson. America Pacifica invites comparison with the work of Margaret Atwood and China Mieville, but also with Cormac McCarthy's The Road, for its post-apocalyptic scenario and the touching relationship between Darcy and her mother, and the Stieg Larsson trilogy for its implacable central character who is determined to uncover the truth.

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
