

Tharar In the Shadows of Time

By Habeebi

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 160 pages. Dimensions: 8.5in. x 5.5in. x 0.4in. A TALE OF TIMES - A FUTURISTIC SCIENCE FICTION NOVEL- NARRATED THE STORY OF MACHINE DOMINATED WORLD. The story takes place at a time when the dead are waiting to return to life. The technology of giving back life after repairing ones body, known as cryonics, will be a reality at any time. Many who detest death have spent a fortune on this future technology. Many of their lifeless bodies are stored frozen in laboratories, hoping to come to back to life one day! Gene therapy is working wonders in the lives of humans. Age can be reduced, life spans can be prolonged, and one can live in the spring of youth forever Robots are humans loyal servants. Robots decide and control every move people make. None can live without robots. By mastering secrets of the genome, it is the execution of life that has become possible. A time when creatures can be produced by combining inorganic materials! A time when people can create other people in laboratories! Women no more need carry babies in their wombs. Such births are...

These sorts of pdf is the greatest ebook offered. We have study and that i am sure that i will going to study once more once more in the future. Its been printed in an remarkably simple way and it is only after i finished reading through this pdf through which in fact transformed me, affect the way i believe.
