paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 254 Chinese stock market since its inception. but the 20-year history. the young stock market created a young Chinese investors. with China's stock index futures. margin trading. the international board launched the Chinese stock market is increasingly international put investors in the face of increasingly complex. When the complex domestic and international factors. more and more investors are beginning to see the stock market do not understand. even if those investors also began to question the stock market trading methods. When the history of the market through the old stereotyped. more and more stocks you do not know what to buy is good. the stock of a new era of buy research will be on the agenda. this book is based. should the majority of investors require to proceed buy research. and strive to provide investors with a new era of stocks. Buy the book on the market too much. and even flooded to describe. but not really have to buy the book. in common but for Picture Talk. use afterwards graphics to prompt some kind of theory. the lack of pilot. they buy established the basis for almost all transplant in technical indicators. trying to lag. and random technical indicators to establish the stock to buy. such an attempt futile. Not to be missed 176 buy (stocks combat version) based on the common theme of the stock market to buy. trying to find the underlying causes of market ups and downs. Book buy theoretical starting. and then buy some actual cases to illustrate the theory. and finally to buy Tip teach you to live it to buy the theory. many theories of the book are...
