Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2011. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. The Tao Te Ching has been around for perhaps 2,500 years. Bruce Lee, and other martial artists including my instructors, quoted from it extensively. The advantage of a rhyming version is that it can be read with rhythm, for that quieter part of the mind one works with in the higher levels of spirituality, and martial arts. Parts of the original were rhymed. The Hsin Hsin Ming, or Way of the Heart, along with George Ohsawa's principles, are also presented in rhyme.
