Createspace Independent Publishing Platform, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is a relationship manual book based on Botswana, Africa perspective. This book is all about the causes of the pains people encounter in their relationships which lead other people to kill their partners before taking their own lives. Solutions as well as counselling are availed in this highly educational book. What is written was well thought and a thorough research was conducted prior to writing it. People made decisions that they thought would not hurt their partners only to regret the consequences, the bloodshed. Eventually they were murdered. This book is aimed at empowering individuals to live peacefully with their partners. After reading this book readers will be in a position to make wise decisions and be very extra sensitive to their partners feelings. That way the battle against passion killings will be won. What prompted the author to write this book are 2 incidents of which if he was not man enough could have committed passion killings himself. In the first incident he caught red handed his fiancée of 9 years having sex with another man in his house, bedroom, bed, blankets and using his [author s] condoms. The author was arriving from a trip and was overwhelmed by his return to reunite with his fiancée. He bought some roses and presents in his bag. It was around 2000 Hrs when he peeped through his opened bedroom window trying to ask his fiancée to go and open the entrance door for him only to find her having dog style with another man in his house. When they discovered that he was at standing outside watching a live blue movie, the 2 of them ran away leaving the author confused, surprised, shocked,...
