Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What is the most discussed topic in the political world right now? It is communism (masked as socialism ) and Islam. The book I have written goes more in detail on these topics than any book to date. My approach is very personal. I have researched my topics exhaustively and back up everything I say with sources. I come against communism and Islam fearlessly in a way that NO ONE else is, because they fear for their lives! No one is safe in this exposure of what is happening to the greatest country ever. My sharpest criticism is towards the complacent, media-enveloped mainstream population. In the first part of the book I deal with personal issues, such as the lack of real men in America to my love for women and is full of funny anecdotes. The next section deals with our government (nanny state), the media and our education system. It is full of strange but funny situations and hard hitting commentary. The last is a picture of the modern church, and what is needed for it to fulfill its mandate, which will really piss off many churchgoers. At the end of this book I give an account of all of the places I have been, and the things I have done that have developed me into a person that can be trusted in this analysis. I am a composer/songwriter, recording artist/producer, ex-competitive bodybuilder, actor, model and male exotic dancer (and eventually, prostitute). I have degrees in psychology...
