Brand New Book ***** Print on Demand *****.Excerpt from The Elements of Civil Architecture: According to Vitruvius and Other Ancients, and the Most Approved Practice of Modern Authors, Especially Palladio A Compendium of Roman and Italian Architecture will not, it is presumed, be without its use to the public at large, while to the traveller it may be considered as supplying a deficiency in the portable library, which has been long and seriously lamented. Our best books of travels give but little else than loose and vague hints on this subject: the Guides and local books of description are too confined in their nature, and the general elementary treatises too diffuse, for the purpose required. There appears in the present work a short critical history of the Art in Italy, such as is necessary to be studied before any real interest can be felt in visiting the beautiful specimens which that country affords. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
