An incredibly awesome publication with perfect and lucid reasons. It can be written in simple phrases and not confusing. I am just delighted to let you know that this is actually the very best publication I actually have studied during my very own lifestyle and could be the best publication for actually.

PLOTTING THE SHORT STORY (PAPERBACK)

Lulu.com, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. How Successful Authors Write Short Stories: Learning the Plot Most beginners seem to have the idea that the writing game is a very easy game to play, as easy as ping-pong, for instance. A few of them have acquired a fair education; others, not so fortunate, are equipped with nothing but a gnawing desire to write, and on first appearances it seems to them that it should prove to be a very simple matter to weave their ideas into readable stories. No writer can hope to achieve real success in the writing field unless he is well-grounded in the fundamentals of plot construction, nor can he avoid an atmosphere of SAMENESS in his stories and give them the stamp of cleverness and originality unless he constantly adds to his store of plot material. The writer must learn to stimulate his imaginatino with tid-bits from real life, and build his stories from solid foundations, with the exactitude a stone-mason uses to build a house.
