SEMANTIC WEB-BASED INTELLIGENT GEOSPATIAL WEB SERVICES

Condition: New. Publisher/Verlag: Springer, Berlin | By introducing Semantic Web technologies into geospatial Web services, this book addresses the semantic description of geospatial data and standards-based Web services, discovery of geospatial data and services, and generation of composite services. Semantic descriptions for geospatial data, services, and geoprocessing service chains are structured, organized, and registered in geospatial catalogue services. The ontology-based approach helps to improve the recall and precision of data and services discovery. Semantics-enabled metadata tracking and satisfaction allows analysts...

Reviews

It in just one of my personal favorite book. I was able to comprehended every little thing out of this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Isaac Olson**

It is really an incredible ebook that we have actually go through. I actually have go through and i also am sure that i am going to likely to read again again in the foreseeable future. Your way of life period will be convert the instant you complete reading this article pdf.

-- **Prof. Adrain Rice**

Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
