An Account of Lord Bacon's Novum Organon Scientiarum: Or New Method of Studying the Sciences (Classic Reprint) (Paperback)

By John Hoppus

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from An Account of Lord Bacon's Novum Organon Scientiarum: Or New Method of Studying the Sciences To accomplish this design with the more effect, it will be desirable, first, to draw their attention, in a few words, to the state in which Bacon found the world, as to knowledge and science, at the time when he flourished. For, as the returning light appears more glorious after the sun has been eclipsed - and the order and beauty of nature would look doubly striking to an eye that had seen that chaos from which she first arose, when all was without form and void, - so, if we glance, but for a moment, at that darkness which so long overshadowed the human mind, and gave birth to so many phantoms and prodigies, under the name of science, this retrospect will serve to show more clearly the merits of a philosopher, who may be regarded as the morning star of that illustrious day which has since broken out upon mankind; and in the spirit of whose method, even the immortal Newton...
