

Methods for Solving Mathematical Physics Problems (Hardback)

By Valeri I. Agoshkov, P.B. Dubovsky, V.P. Shutyaev

Cambridge International Science Publishing, United Kingdom, 2006. Hardback. Book Condition: New. New edition. 234 x 163 mm. Language: English . Brand New Book ***** Print on Demand *****.The aim of the book is to present to a wide range of readers (students, postgraduates, scientists, engineers, etc.) basic information on one of the directions of mathematics, methods for solving mathematical physics problems. The authors have tried to select for the book methods that have become classical and generally accepted. However, some of the current versions of these methods may be missing from the book because they require special knowledge. The book is of the handbook-teaching type. On the one hand, the book describes the main definitions, the concepts of the examined methods and approaches used in them, and also the results and claims obtained in every specific case. On the other hand, proofs of the majority of these results are not presented and they are given only in the simplest (methodological) cases. Another special feature of the book is the inclusion of many examples of application of the methods for solving specific mathematical physics problems of applied nature used in various areas of science and social activity, such as power engineering,...
