Russell Sage Foundation, United States, 2011. Hardback. Book Condition: New. New.. 234 x 170 mm. Language: English . Brand New Book. As the incomes of affluent and poor families have diverged over the past three decades, so too has the educational performance of their children. But how exactly do the forces of rising inequality affect the educational attainment and life chances of low-income children? In *Whither Opportunity?* a distinguished team of economists, sociologists, and experts in social and education policy examines the corrosive effects of unequal family resources, disadvantaged neighborhoods, insecure labor markets, and worsening school conditions on K-12 education. This groundbreaking book illuminates the ways rising inequality is undermining one of the most important goals of public education: the ability of schools to provide children with an equal chance at academic and economic success. The most ambitious study of educational inequality to date, *Whither Opportunity?* analyzes how social and economic conditions surrounding schools affect school performance and children's educational achievement. The book shows that from earliest childhood, parental investments in children's learning affect reading, math, and other attainments later in life. Contributor Meredith Phillip finds that between birth and age six, wealthier children will have spent as many as 1,300 more hours than poor children on child enrichment activities such as music lessons, travel, and summer camp. Greg Duncan, George Farkas, and Katherine Magnuson demonstrate that a child from a poor family is two to four times as likely as a child from an affluent family to have classmates with low skills and behavior problems attributes which have a negative effect on the learning of their fellow students. As a result of such disparities, contributor Sean Reardon finds that the gap between rich and poor children's math and reading achievement scores is now much larger than it was...
