Entangled Publishing, LLC, United States, 2017. Hardback. Condition: New. Language: English . Brand New Book. We all hold a beast inside. The only difference is what form it takes. Rain Ryland has lived on the streets his entire life, bouncing from one homeless shelter to another, so when his mother dies and a court orders him to move to a tiny town in the Texas Hill Country to live with an aunt he's never met, he knows his life is about to change - he just has no idea how much. Seventeen-year-old Friederike Burkhart has a legacy to protect. She also has a pack of wolf shifters to lead, a coven of spell weavers to guard, a murder to solve, and a boat load of homework on top of it all. The last thing she needs is a nosy human in the mix. But when another dead body turns up, Freddy realises she can trust no one and is in over her head. Maybe the hot human boy could be the key to finding the killer. As Freddy and Rain team up to solve the murders and stop more deaths before her pack is exposed, they find themselves the next targets. Can they uncover the killer before losing their lives or their hearts?.
