PHOTOSHOP CS: ESSENTIAL SKILLS (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2004. Paperback. Condition: New. Language: English . Brand New Book. Reading a technical manual with such interest and enthusiasm is indeed a rarity. Easy to comprehend, this will be essential reading for novice and experts alike who want to get to grips and understand the creative suite program as a whole. It is one of the best intro Photoshop books I have encountered to date. - Andy Moxon, Professor of Photography, Savannah College of Art and Design. This book offers practical advice through a highly structured learning approach to the fundamental techniques and skills for personal creativity and communication. It is jam-packed full of Photoshop tutorials to put your skills into practice. A superb full color guide to creative image editing, this will take you through all the necessary steps in order to become a competent and confident Photoshop user. Photoshop CS: Essential Skills , companion to Digital Imaging: Essential Skills , provides an in-depth exploration on the latest software features, allowing those who wish to use the digital darkroom instead of traditional darkroom techniques to create professional photographic illustration. Supporting an independent learning approach, the foundation modules allow you to establish an effective working environment, promoting easy navigation through the image editing process from capture to print, focusing on the essential techniques and skills required. Subsequent guides build upon these skills by exploring creative applications including advanced retouching, photomontage, vector graphics, special effects and preparing images for the web. A related website provides an hour and a half of QuickTime movie tutorials in addition to all of the downloadable images required to complete the practical activities within the study guides. It also supplies all the layer styles, custom shapes, gradients and curves settings used in the creative projects and a huge number of helpful...
