Not illustrated. 1918 Excerpt: . . . and studying the approved subject-matter of an academic course of study. It was a factory, producing four thousand toys in two weeks time. Every child above the second grade was a worker in the factory, having his hours of work recorded and receiving his pay at the end of the two weeks in the currency described in a former article on this subject. No overtime work was done except by the high school and faculty foremen. The advantage of this plan for the Toy Shop was that every member of the school made a real contribution toward filling the St-i-The Fclwoi Shop nnd the Chrixtmax Spirit, p. 21. in Vol. I. The facial Motirc in School Work. needs not only of the small school community, but also of other institutions, and of individuals who are victims of the present social order. The school authorities felt that...
