The American Military and the Media: Historical Lessons and Future Considerations

By Brian D. Burns

Biblioscholar Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x2 mm. This item is printed on demand - Print on Demand Neuware - Over the last 50 years, various technological advances have fueled the public's need for rapid satisfaction. Whether it is the cure for the common cold or the arrival of an important package, the common theme is 'faster is always better'. This fact is most evident in the demand for current and accurate information across an array of diverse areas: music, sports, stock quotes--we want information as fast as possible. This need for information has created a multitude of news outlets across the media spectrum (TV, newspapers, magazines, etc.) that compete to be the first to bring the coverage to the audience. Sometimes this coverage can come at great risk to those providing it, such as reporters standing in the middle of a hurricane to bring you the 'first images of the devastation as they occur'. All of the elements that the public looks for in an exciting news story are present here: speed of information, a large change from normal news, and the potential for catastrophic and horrific images. It is this last element that carries the most...
