Icon. 1 Paperback(s), 2010. soft. Book Condition: New. Does a Girl Scout have a political agenda? If you're not in California, how do you know it exists? And what happens when you drop an ant? Here John Farndon who is after all a Cambridge graduate presents 60 of the infamously perplexing questions pitched to interviewees for Oxford and Cambridge to test their ability to think on their feet. Farndon also provides his own well-considered answers, which serve as an additional stimulus to thought and conversation. You probably do think that you're clever, so as you turn these pages, consider how you would describe an apple, prove whether or not snails have a consciousness, or calculate how many times you'd have to fold a piece of paper before it was thick enough to reach the moon. 220.
