Createspace. Paperback. Condition: New. This item is printed on demand. 362 pages. Dimensions: 9.0in. x 6.0in. x 1.2in. How the English Establishment Framed Stephen Ward is a major expose of a government cover-up that has lasted half a century. It is a powerful story of sexual compulsion, political malice and ultimate betrayal. A number-one bestseller when it came out in 1987 under its original title, *An Affair of State*, the book reveals never-before-heard testimony that has been uncovered by the authors in the years since the scandal broke. Using startling new evidence, including Wards own unpublished memoirs and hundreds of interviews with many who, conscience-stricken, have now spoken out for the first time, this important account rips through a half-century cover-up in order to show exactly why the government, the police forces, the Judiciary and the security forces decided to frame Stephen Ward. Stephen Ward is now the subject of an upcoming Andrew Lloyd-Weber musical and this book offers a wider perspective on its complex, central character as well as a broader insight into one of the greatest scandals of the past 100 years. As the authors research reveals, Wards trial of the century was caused by an unprecedented corruption of justice and political malice which resulted in an innocent man becoming a scapegoat for those who could not bear to lose power. This is an epic tale of sex, lies, and governmental abuse whose aftermath almost brought down the government and shook the American, British, and Soviet espionage worlds to their core. With its surprising revelations and meticulous research, Wards complete story can finally be told. This item ships from La Vergne, TN. Paperback.
