The Nephilites is a Nephilim book which discusses Nephilim prodigy and where we are headed. While the book is futuristic fiction it is based on truth. This book is sandwiched in between book pointed to both Frameworks: The Price of Delusion volume 1 and Frameworks: Into the Fire (Volume 2) As we watch the coming days ahead with all of its confusion, violence, globalism and interfaith movements of peace no matter what your belief is, this book will help forewarn you and forearm you. You can try to go it alone with a few of your friends and wing it or you can get informed. This is not a doom and gloom book. This is a book along with Frameworks I and II will give you the information that you will need to come out of this in one piece and intact with a sound mind. Frameworks I talks about a delusion that is coming. What delusion? It is not just a delusion but a strong one. A delusion will affect your mind, your beliefs, and everything about you. I don't know about you I do not like to be fooled by anyone. I don't like to be cheated and taken advantage of. If you want to really begin to know what is going on I suggest you grab your copy right now before this delusional flood hits.
