Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Join Processing in a Symmetric Parallel Environment We present and analyze a strategy for processing joins on a highly parallel computer architecture. We model the architecture as consisting of n identical processor-memory clusters interconnected by a symmetric network onto which many processors may send at once. The strategy entails partitioning eadi relation horizontally based on a perfect hashing function applied to a key of the relation. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
