Learning Mastercam X Mill Step by Step in 2D (Mixed media product)

By James Valentino, Joseph Goldenberg

Industrial Press Inc., U.S., United States, 2006. Mixed media product. Condition: New. Language: English . Brand New Book. This unique text presents a thorough introduction to Mastercam Mill X for students with little or no prior experience. It can be used in virtually any educational setting - from four-year engineering schools to community colleges and voc/tech schools to industrial training centers - and will also serve as a reliable reference for on-the-job use or as a self-study manual. The award-winning authors have carefully arranged the contents in a clear and logical sequence and have used many hundreds of visuals instead of wordy explanations. An enclosed CD contains Mastercam Mill X Demo and also includes examples and exercises from the text for student practice. Learning Mastercam Mill X Step by Step is sure to become a valuable resource for anyone learning or using Mastercam Mill X. Student-friendly graphical displays are emphasized in lieu of long text and definitions. It includes an overview of the process of generating a word address program. Examples provide step-by-step instructions with graphical displays. It eliminates flipping between pages by featuring all explanations on the same page as the example. It contains exercises at the end of each...
