By changing their mental outlook they have been able to manifest into their lives their fondest wishes and desires. For others, however, the use of affirmations have not only not helped them but can sometimes make situations worse. Why the difference? Here s some of the topics my book covers: Do Affirmations work? Where did this idea come from? The 3 great affirmation gurus and their legacy Why the power to affect positive change is within you How to create affirmations that work (Very Important!) We all have aspects of our lives that we ve struggled with and want...
