Creative Pumpkin Ltd, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you re suffering from depression or very low mood, you can end up feeling alone, desperately struggling to find a way through - but recovery is possible and, in Making Friends with Depression, bestselling authors Sarah Rayner and Kate Harrison, together with GP Dr Patrick Fitzgerald show you how. They explain that hating or fighting depression can actually prolong your suffering, whereas making friends with difficult emotions by compassionately accepting these feelings can restore health and happiness. The book explores: * The different types of depressive illness * Where to seek help and how to get a diagnosis * The pros and cons of the most commonly-prescribed medications * The different kinds of therapy available * Why depression can cause so many physical symptoms * What to do if you suffer suicidal thoughts * How to stop the spiral of negative thinking and boost self-esteem * Evidence-based steps to improve mental health and avoid relapse Fully illustrated and reflecting the latest National Institute for Clinical Excellence (NICE) guidelines, Making Friends with Depression is succinct and surprisingly uplifting. The result is book that doesn t shy away from the distress that depression can cause, but is packed with simple tips that are easy to implement thereby offering hope and guidance through the darkest of times.
