Ba seems to be the leader, though Julie would dispute that. Elsie is 82 years old but 22. She arrives straight from the morticians after dying. Harry turns up and later they're joined by Dave the knight in black. Dave previously died when a tree fell on him. In Hubland they meet up with Gareth, Franksy, Colin and Hyde. They don't know what's happening or why. They go, hoping to find someone with answers. They hear of Madge - it sounds like she might know. Within the nightmare they meet Rosdind who tells of the Virus - it's deadly and set to destroy life down all infinity. On most of the worlds the group visit, attacks come from crazed gangs of Cars - Virus carriers. In order to escape, the travellers scramble through dolmen stones as they appear. But the portal stones always send them to another strange realm. So it's escape from the madmen but at the cost of arrival in other weird, dangerous places. Eventually they find Madge, who explains all; but then the real work starts - Madge has found the Infinity Tunnel again and using it they try to defeat the Virus - but it has a trick up its sleeve .
