This appropriation, made available by act of Congress in 1925, has for the first time made it possible for the Station to investigate such problems as the economic balance between production and consumption of food stuffs grown in the State, the trends of production, the costs of growing various crops under New Hampshire conditions, and the important marketing problems which during recent years have been of more and more concern to people interested in the agricultural welfare of the State. As a ground work for investigation of this type it was considered advisable to concentrate during the past year on the completion of an economic survey which...
