In the book's preface, Greene argues that, at least on the surface, the quest for power has been demonized, the end result of a culture that frowns upon those who seem too eager to get too far ahead in life. From Greene's perspective however, very little has changed in the time between the royal courts of old and the high-intensity board rooms of today; according to Greene, the people who amass the most power are those who can crush their enemies while appearing outwardly benevolent. The essence of Greene's perspective on power dynamics can be aptly...
