Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Second most common question I get asked: Really? Second most common answer: Yes. Whether you're stuck in your life or just not moving forward as you've expected then this book is for you. Not only have I been studying this subject for the past several years, I've been applying it in my own life to stunning effect. Within 18 months of losing my job, I managed to re-invent my life completely and achieved a whopping 300 pay rise on what I was earning before. Why am I telling you this? Because if I can do it, you can definitely do it too. I wrote The 90 Second Life Coach to help you. I know you're busy, I know how hectic modern-day life is, I know the demands made on your time. I get it - that's why I wrote this book.
