Date :2011-5-1. School students plenty of time now. many parents eager to mentor elementary school children math confident enough. do not think that is the calculation of it! In fact. this is a big misunderstanding. We stand on the adult point of view. that the elementary school math is simple. but we do not stand in the child's perspective on thinking. We do not know the child's way of thinking. and believe that how a child will not be such a simple question. This is not the child's problem is our counseling methods. Another problem is the content of counseling parents and classroom teacher repeated what the child does not feel Hing is a waste of time and not targeted. Now the status of the parents is: would like to teach. but I do not know what Taoism. how to teach. Textbook analysis is the first real parents counseling books. it is not a duplication of the content of classroom teaching. but complement classroom teaching. The idea is to write it: the...
