Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

HOW TO FAIL AT ALMOST EVERYTHING AND STILL WIN BIG: KIND OF THE STORY OF MY LIFE (HARDBACK)

Penguin Putnam Inc, United States, 2013. Hardback. Book Condition: New. 234 x 154 mm. Language: English . Brand New Book. Everything you want out of life is in that bubbling vat of failure. The trick is to get the good stuff out. Scott Adams has likely failed at more things than anyone you've ever met or anyone you've even heard of. So how did he go from hapless office worker and serial failure to the creator of Dilbert, one of the world's most famous syndicated comic strips, in just a few years? In *How to Fail at Almost Everything and Still Win Big*, Adams shares the strategy he has used since he was a teen to invite failure in, embrace it, then pick its pocket. No career guide can offer advice that works for everyone. As Adams explains, your best bet is to study the ways of others who made it big and try to glean some tricks and strategies that make sense for you. Adams pulls back the covers on his own unusual life and shares how he turned one failure after another into something good and lasting. Adams reveals that he's failed at just about everything he's tried, including his corporate career, his inventions, his investments, and his two restaurants. But there's a lot to learn from his personal story, and a lot of humor along the way. Adams discovered some unlikely truths that helped to propel him forward. For instance: - Goals are for losers. Systems are for winners. - Passion is bull. What you need is personal energy. - A combination of mediocre skills can make you surprisingly valuable. - You can manage your odds in a way that makes you look lucky to others. Adams hopes you can laugh at his failures while...
