Health Forum Publishing Company, United States, 2011. Paperback. Book Condition: New. Revised ed.. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Handbook conforms to the easy-to-use format and style established by Faye Brown and is the most popular textbook for hospital and physician office coder training. Content reflects the latest official coding guidelines, and presents examples in clear, technically correct language that progresses from easy to more difficult. The 2012 Handbook contains 269 case-summary exercises, as well as 100-plus in-chapter exercises and review questions. The case-summary exercises are based on health records and require readers to consider the patient's condition as well as medical history, reason for admission or encounter, laboratory results, procedures performed, and the diagnoses listed. Readers must apply pertinent coding principles and official coding guidelines in making code assignments and designating the principal diagnosis and procedure for each episode of care. Each chapter includes an overview that highlights the important points, a learning outcomes feature and a terms to know feature. Both features are designed to help readers understand and absorb new information. A Remember feature provides sidebar comment or facts that alert readers to additional information or perspectives that should not be forgotten when reading the chapter. Major Content Areas: Format and conventions and current coding practices for ICD-9-CM; Use of supplementary classifications; Coding of signs and symptoms; Coding of infectious and parasitic diseases, endocrine diseases and immunity disorders, and mental disorders; Coding of diseases of the blood and blood-forming organs and diseases of the nervous system; Coding of diseases of the respiratory, digestive, and genitourinary systems; Coding of diseases of the skin and diseases of the musculoskeletal system; Coding of pregnancy and childbirth complications, abortion, congenital anomalies, and perinatal conditions; Coding of circulatory system diseases and neoplastic...
