

In the Bubble: Designing in a Complex World (Paperback)

By John Thackara

MIT Press Ltd, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. How to design a world in which we rely less on stuff, and more on people. We re filling up the world with technology and devices, but we ve lost sight of an important question: What is this stuff for? What value does it add to our lives? So asks author John Thackara in his new book, In the Bubble: Designing for a Complex World. These are tough questions for the pushers of technology to answer. Our economic system is centered on technology, so it would be no small matter if tech ceased to be an end-in-itself in our daily lives. Technology is not going to go away, but the time to discuss the end it will serve is before we deploy it, not after. We need to ask what purpose will be served by the broadband communications, smart materials, wearable computing, and connected appliances that we re unleashing upon the world. We need to ask what impact all this stuff will have on our daily lives. Who will look after it, and how? In the Bubble is about a world based less on stuff..
