UTOPIA OF USURERS AND OTHER ESSAYS (ANNOTATED) (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Annotated. Language: English . Brand New Book ***** Print on Demand *****.This collection of Chesterton essays compiles a number of brief discourses on political and economic topics, very much directed at persons and issues of his own day. Ostensibly these writings were selected and compiled as the clearest examples of Chesterton's own political-economic thought, an objective fulfilled quite nicely. Now I have said again and again (and I shall continue to say again and again on all the most inappropriate occasions) that we must hit Capitalism, and hit it hard, for the plain and definite reason that it is growing stronger. Most of the excuses which serve the capitalists as masks are, of course, the excuses of hypocrites. They lie when they claim philanthropy; they no more feel any particular love of men than Albu felt an affection for Chinamen. They lie when they say they have reached their position through their own organising ability. They generally have to pay men to organise the mine, exactly as they pay men to go down it. They often lie about the present wealth, as they generally lie about their past poverty. But when they say that they are going in for a constructive social policy, they do not lie. They really are going in for a constructive social policy. And we must go in for an equally destructive social policy; and destroy, while it is still half-constructed, the accursed thing which they construct.
