Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Throughout his life, Jerome Isip has learned one thing: success isn't merely a goal, but a lifestyle. Thus, he has discovered that the only way to make dreams become a reality is to actually strive for them. This book is not designed to be considerate of one's feelings. Nor does it sugarcoat life's troubles. Instead, it simply states what most people don't have the marbles to: The cold hard truth. His delivery may be blunt. At times, even harsh. Or, humorously injected with a healthy dose of New Jersey slang. However, Jerome Isip's straightforward approach has inspired, motivated, and changed the lives of many - including himself. If you have been stuck in neutral and searching for a new way, a new voice to help you unlock the lofty dreams that have been trapped inside for all too long, this book will provide the stepping stones you need to begin the journey once again. The lessons in this guide include: -Learning how to properly set goals and knock them down one by one -Converting those ever-longing dreams into reality -Overcoming fears that hold you back from moving forward in life -Understanding the true meaning and purpose of your life -Developing a positive and productive mindset It's time to live your life the way you have always wanted to. With this simple step-by-step guide, you will find the inspiration you need to embark on an adventure you never believed possible.
