Natural Fibre Reinforced Polymer Composites

By Gupta, Manoj

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Materials, Fabrication & Dynamic Mechanical Analysis | I feel highly delighted to present this book on "Natural Fibre Reinforced Polymer Composites: Materials, Fabrication & Dynamic Mechanical Analysis". I felt the need of writing this book because a very few books are available on natural fibre reinforced polymer composites and dynamic mechanical analysis. The contents of this book will be helpful to postgraduate (M.Tech) students and research scholars who are doing research in area of composite or especially in area of natural fibre reinforced polymer composites. This is a concise book having only five chapters. In first chapter, fundamental of materials in terms of mechanical properties, stress strain and types of failure are discussed whereas in second chapter, description of ferrous and non ferrous materials is presented. Basics and classification of composite along with description of polymers are provided in third chapter. In addition, in fourth chapter, introduction, fabrication methods and applications of natural fibre reinforced polymer composites are provided. Finally, in fifth chapter, basics of dynamic mechanical analysis and dynamic mechanical analysis of natural fibre reinforced polymer composites are presented. | Format: Paperback | Language/Sprache: english | 132 pp.
