Brand New Book ***** Print on Demand *****.This book is for anyone actively pursuing enrollment in a school of pharmacy. However, currently enrolled students will appreciate its relevance, too. This book provides hard-to-find details to sharpen your sense of what is important to pharmacy school faculty. Such knowledge can smooth your transition into professional school, perhaps increase your scholastic performance, and ultimately help you land the perfect job in your field. During my tenure on the faculty of an accredited, 4-year public college of pharmacy in the south, I have had the fascinating role of interviewing prospective applicants, seeing first-year students on day 1 of class, and watching graduates leave after commencement and a smidgen of everything in between. In my role in the college, I teach, listen, and learn from our approximately 200 matriculating students each year. My additional role as a first-year student mentor gave me eye-opening insight about the minute details of students' adjustment to pharmacy school and how this affects their personal behaviors and scholastic performance. Furthermore, serving on the college's professional education committee allowed me to see how courses integrate to provide an education worthy of a PharmD. Finally, my work with the admissions committee informed me about student hurdles for entry into pharmacy school. Information is power, but inside information is the true coin of the realm. To this end, this book provides an intriguing glimpse into the professional school educational system that few see behind the scenes. Specifically, I demystify the pharmacy school admissions process and deconstruct the first, and often most demanding, year of the program. Then, the remaining years and beyond are discussed. Because students seldom receive such direct, honest feedback about college...
