Reviews

The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Urology: Diseases of the Urinary Organs, Diseases of the Male Genital Organs, the Venereal Diseases The advance of Urology in the past decade has quite destroyed the value of the volume of which this is the successor. Not only have the sections devoted to Cystoscopy, Radiography, Renal Function Tests, Renal Infections and Tuberculosis been rewritten throughout, but the viewpoint from which we now regard Gonorrhea, Prostatism, Syphilis and many of the Operations upon the Urinary Organs has so changed that those sections also have been radically altered. The present volume is founded much more on personal clinical and pathological experience than its predecessor, and while the work of others has been freely quoted, it has seemed essential for unity of presentation that much purely statistical material be simply referred to in footnotes. More than fifty illustrations have been added, about half of these being radiographs for the greater number of which we are indebted to Dr. Byron O. Darling; for a minority to Dr. E. W. Caldwell and Dr. L. G. Cole. Gratitude is also due to Dr. B. S. Barringer for assistance in many ways, and to Dr. E. D. Barringer, whose chapters on Gonorrhea in the Female have been retained. To the laboratory staff of Cornell University Medical College is...
